## Touring with Golden Tours

Golden Tours specialise in well planned & thoughtfully designed sightseeing tours that provide maximum enjoyment for their customers, high quality & value for money so when we were selected last year by this prestigious organisation to convert their fleet of 20 buses, we were proud to be associated with the UK's leading sightseeing company, part of The Grayline Worldwide Association.

Throughout 2011 we have worked to tight & often demanding deadlines whilst always striving to deliver high quality tour buses to our valued client.

This process has resumed for their 2012 bus conversion programme & we are proud to be part of this continuing success story.

## The Seaford bus fleet

We must be doing something right!

Seaford & District Motor Services continue to call on SEC to restore their prestigious fleet of buses.

Please keep an eye out for these refurbished & freshly branded vehicles, complete with their traditional logo which we have finished in metallic gold with a black outline.

## Playing on Wheels

Big or small we do it all... and always with the highest levels of craftsmanship and reliability. This is a very recently completed conversion of a Citroen Tri-axle for Scottish Play On Wheels. The design process was based on bright primary colours which we enhanced with speciality trimming materials to give reflective & metallic effects. The vehicle is kitted out complete with large screen TV, DVD, kitchen, seating, fold-away tables, interactive games, play pits & slide plus ample storage.

## Leyland National Restoration... almost ready

This epic restoration is nearly there now. All of the major structural repairs are complete, the new floor surface is being laid, the window rubbers are in & ready to receive the glass. We have booked her into paint shop for early February & can't wait to see the results.

## The Client Speaks...

Kent Pharmaceuticals is one of Britain's largest independent generic pharmaceuticals manufacturer and leading wholesaler & pride themselves on the impact of their professional delivery. When they selected our signage Division to implement a full signage scheme at their prestigious new premises at Orbital Park, Ashford we knew our experience & attention to detail would be put to the test. Kent Pharmaceuticals Marketing Manager, Blair Hart reiterated his satisfaction with the completed signage: *"We asked SEC for a suite of high quality signage that reflects the prestige of our brand & fits in with our new Ashford plant & we are delighted with the results"*.
