RM479 serves some time

Timebus Travel specialises in traditional former London buses of the 1950's to the 1960's era.

When it comes to restoring and maintaining these buses, we're the people for the job. Over the past weeks we have been working on this open top Routemaster bus with a complete upper deck refurbishment including seats and new seat backs. We also installed a new lino floor and drainage system and touched up the paint in London bus red. Job done! For more info visit www.timebus.co.uk

Seaford & District - we must be doing something right

This vintage 'Brighton Belle' is based on the very luxurious Orient Express and is one of the many classic vehicles owned by Seaford & District. It came in to have the seating plan reconfigured. Also, the carpet had seen better days & so needed replacing throughout the bus. Its maximum number of passengers was only sixteen but after the re-juggle the bus can now carry comfortably a grand total of twenty one passengers in style. Seaford & District have two buses in our workshop this month so please watch this space for news on their AEC Reliance. To find out more about Seaford & District you can visit their website www.journeysolutions.co.uk/

Live Tours with Death

Robbie Candy, the manager at 'Tour Till Death' has already toured around Europe with various bands, visiting Luxembourg, Germany, Belgium, Slovenia, Hungary & Italy to name a few. He converted the first van himself but due to high demand, he's expanding his business and needed some help. We've converted two more tour buses for him which include multiple bunks, fridge, coffee machine, TV's, sockets & a safe as well as table and seating area. Visit his Facebook page to find out more about his tours
